Gas Safety – An Engineers Overview of Procedures

Brandon's Law

AN OVERVIEW OF DOMESTIC GAS SAFETY INSPECTION

Purpose of a Gas Safety Inspection

The purpose of a gas safety inspection is

Stages of a Gas Safety Inspection

There are a series of stages that include visuals, and tests. To simplify this we will split the inspection and testing into 2 steps

1. Inspecting and Testing the Installation Pipework
2. Inspecting and Testing the gas appliances

Gas Work on the Supply

Whenever we undertake gas work on the installation pipework we MUST

Purpose of a Gas Safety Inspection

Whenever we undertake gas work on an appliance we must

REMEMBER DO YOUR WRITE UP AS IF YOU ARE EXPLAINING TO A CHILD SO THAT THEY UNDERSTAND
